## CAUCUS OF THE FIFTH DISTRICT REPUBLICANS

**Want Kuhio for Congress and to Second the Speech of Desha Nominating Him--Selections for Territorial Committee.**

At the caucus of the Fifth District Republican committee held last night at the headquarters on King street, the delegates were instructed by a unanimous vote to vote at Hilo for Prince Kuhio as the Republican candidate for Congress.

The caucus also agreed that Stephen Desha of Hilo should have the honor of placing Kuhio's name in nomination, and that John C. Lane of the Fifth District should be given the privilege of seconding the nomination.

The call for the caucus was to consider the apportionment of members from the Fifth District to the Territorial Central Committee. The resolution presented at the previous meeting giving the 1st, 2nd and 3rd precincts one member, 4th, 5th and 6th precincts one member, 7th precinct one, 8th precinct one, 9th precinct one, and 10th precinct one, was adopted, and the caucus proceeded by precincts to name its members. The 4th, 5th and 6th precincts decided that they would place no candidate in nomination, but would leave it to the caucus. They believed that the precincts outside of Honolulu should have more than two representatives. The result of the selections to the Territorial Committee are as follows:

Precincts 1, 2 and 3, W. W. Goodale; precincts 4, 5 and 6, J. A. Low; precinct 7, Isaac Sherwood; precinct 8, John C. Lane; precinct 9, F. T. P. Waterhouse; precinct 10, Chas. Clark.

It was agreed that the selection of members to serve from the Fifth District on the Territorial Executive Committee, be left to a meeting to be held at 9 a. m. on Tuesday.

A resolution was presented by Clark and adopted to the effect that if the Hilo convention should leave committee selections to districts, the following would be their choice:

Committee on Credentials--N. Fernandez, W. H. Crawford.

Committee on Rules and Permanent Organization--John C. Lane, W. W. Goodale.

Committee on Platform--J. A. Low, T. McCants Stewart.

A resolution that W. R. Sims be selected by the convention as its secretary was lost.

W. H. Crawford's resolution, that Kuhio be selected as the next Congressional candidate, was unanimously carried.

Geo. Lucas presented a resolution to the effect that as W. J. Coelho, who has been a member of the Board of Registration for Elections for the Fifth District is no longer a resident of Honolulu, Mr. Coelho resign as such officer, and that a committee of five be appointed to wait upon the Governor and hand him a copy of the resolution, recom-

ommending at the same time that N. Fernandez be selected to fill the proposed vacancy.

The resolution carried with the exception of the recommendation section. Messrs. Geo. Lucas, F. T. P. Waterhouse, John C. Lane, Henry Vida and T. McCants Stewart were appointed on the committee.

The Hilo Tribune has the following relative to the plans of the Hilo Republicans for entertaining the delegates to the convention:

"The Republicans of the several precinct clubs met Wednesday night and have mapped out an interesting program for the entertainment of visiting delegates to the Territorial convention next week. The convention convenes Thursday morning at Spreckels Hall,

## THE LOVE AFFAIRS OF KING SOLOMON

PARIS, July 30.—The Academy of Science is anxiously awaiting further news from Abyssinia, where Hugues le Roux has discovered a manuscript telling the original story of King Solomon's love affair with the Queen of Sheba. The story is written on tablets of clay, and not a single sentence is missing. The French author has already begun translating it in conjunction with native scientists, which the Emperor Menelik commanded to assist him in every way possible.

As soon as the weather permits, Le Roux's party will enter upon an exploration of the Zannia Lake Islands, where great treasures of ancient manuscripts are said to await discovery. The Christian Abyssinians, it seems, hid their sacred writings on these islands during the Moslem conquest of the country.

## MRS. NANCY RHODES DIED YESTERDAY

Mrs. Nancy Rhodes, widow of the Hon. Godfrey Rhodes, who twenty years ago was very prominent in Hawaiian political affairs, died at her home in this city yesterday and will be buried from the Catholic Cathedral at three o'clock this afternoon.

Mrs. Rhodes leaves extensive property interests in the islands. She had been away from Honolulu with her daughter for some years but returned here on June 25th of last year. Mrs. Rhodes was related to the late Mrs. Alexander Mackintosh by marriage. She leaves one daughter, Miss Ada Tree Rhodes, who is quite prominent in local and mainland society circles. Mrs. Rhodes and her daughter lived for sometime in San Jose while the latter was taking a course in music at the College of Notre Dame.

## ZAMLOCH MADE A HIT

Last evening Zamloch, the Wonder-Worker, opened his engagement at the Orpheum to a big house. Everything in the shape of a seat was taken and the standing room sign was in order. Zamloch is the only prestidigitateur that has appeared in the Islands for many years.

His performance last evening was a mixture of meriment, scientific work and intense mysteries. His work is new and original and he held his audience from the first. His assistant, Lazy Billie, is an interesting trick in himself and did his share towards keeping up the fun. Zamloch will present a change of bill each night during his engagement, and if Saturday's night is any criticism his stay in Honolulu will be appreciated. The seat sale for the entire season is at the Bergstrom Music Co.'s new store, Fort street.

## NO MORE ALCOHOL ON KAISER'S TABLE

BERLIN, July 30.—Ever since the Kaiser left Berlin for Norway not a drop of wine has appeared on the imperial table, the Kaiserin, in a spirit of economy, compelling the excellencies and ladyships and lords to get along on grape juice. Hence much "kicking" among the officials. They call her Majesty's grape juice "sugared vinegar" and insist that they are not treated right, their contract with the court calling for three square meals, including wine on two of these occasions.

On the other hand, it is said that the Kaiser uses the heated season "to break in" his courtiers. There shall be no alcohol on the imperial table in future, whether he is home or not, except on great festive occasions.

Wine growers and liquor manufacturers are frightened by the state of things, and propose to bring the matter before the Reichstag. They do not deny the Kaiser's right to drink what and how much he pleases, but say his crusade against alcohol takes the form of a protest against a national industry.

Prince Henry, too, who did not display any constitutional aversion against cocktails and other drinks while in America, has taken up the fight against alcohol and instead of handing out cigars and bottles of beer to sailors deserving of bakshish distributes anti-alcohol tracts in which the proverbial German thirst is likened to a snake eating out the heart of the noble Teutonic nation.

## FORBIDDEN LITERATURE FOR KAISER'S SONS

ZURICH, July 30.—The shop of a well-known bookseller of this town, who makes a specialty of publishing works without the Kaiser's "imprimatur," was visited by two good-looking young fellows the other day, who inquired for forbidden books of a political character. They got a boxful and started off gaily for their hotel after the case of books had been placed under the driver's seat. Among the books bought were two copies of Henry W. Fischer's "Private Lives of William II and His Consort." Later the bookseller learned the names of his patrons. They were two younger sons of Kaiser Wilhelm, touring Switzerland. When they get home they will know a few things they never dreamt of before they started out on this summer's trip.

## ARCHBISHOP OF CANTERBURY IN THE UNITED STATES

NEW YORK, Aug. 28.—The Archbishop of Canterbury has arrived here from Canada.

During his present isiscopal Convocation, held here last January, the following delegates to Archbishop of Canterbury were selected: Clerical delegate, Rev. Canon Mackintosh; clerical deputy, Rev. John Osborne; lay delegate, C. L. Rhodes, lay provisional isiscopal convocation, L. Aseu.

The Archbishop of Canterbury has an income of about \$75,000 a year but this is subject to many demands. His palace at Lambeth-on-the-Thames is one of the sights of church. At the Ep-

## DEATH OF LEADING ANGLICAN CHURCHMAN

The Very Rev. S. Reynolds Hole has been Dean of Rochester since 1887. He was born on December 5, 1819. He was chaplain to the late Archbishop of Canterbury and the author of many books on religion and some concerning his hobby, horticulture. He was well known in the United States because of visits made here.

CORSET INDUSTRY IS ON THE WANE.

VIENNA, July 30.—All the corset factories, according to an official statement, have reduced their capacity, many of the larger concerns laying off more than two hands. The reduction in the use of the article is said to be due to the persistent efforts of physicians and reformers to frighten women from wearing corsets. Hungary, which buys nearly all its good corsets in Austria, used only 219,000 corsets last year.

COUNTERFEITED RARE POSTAGE STAMPS.

PARIS, July 30.—American collectors of postage stamps should take warning that, while the greatest and most successful falsifier of rare postage stamps, Sury, is under arrest at Brussels, the plates from which he printed his fakes have not been captured by the police and are grinding out most costly "rare postage stamps."
